OBJECTIVE

As a recent graduate, I am seeking a role which allows me to continue learning and perfecting my skills as I provide high-quality work, and encourages me to flourish as a software developer. A punctual and hardworking student, very interested in learning new stuff and research further to unknown information. Looking forward to adapt and learn from training in the new environment, also meeting new friends and to work together with them as a team.

PROJECTS

Covid-19 dashboard

We designed a comprehensive interactive data-driven visualization including trends, analytics and forecast as our contribution through the dashboard.

Outlier Detection in Indoor Localization and Internet of Things (IoT) using Machine Learning

developed an outlier detection technique named as "IF Ensemble" for a Wi-Fi indoor localization environment.

by analyzing RSSS using machine learning methods.

Worked with a 4-member research team

for accomplishing the same.
