## Projects and Experiences :

- GSM Calculator (.exe file) (2021)  
It performs basic operations to calculate GSM value; I developed it using NetBeans, launch4j and inno setup.
- Face recognition and liveness detection (B.E. Project) (2020)  
We developed our project in PyCharm using OpenCV, in which an authorized user gets access to his locker. We used python, HTML and CSS.
- Sales and Marketing Executive (2019)  
I promoted the business by meeting more than 100 clients and attaining sales higher than ₹2 lakhs by retrieving 6 permanent customers within 6 months.
- Food delivery android application (Diploma project) (2017)  
We managed to create it in Android Studio which demonstrates login and signup feature; added exceptions, warnings, alert box, toast messages, etc.  
Executed various mini projects like Stock management, ATM transaction, car info. Database, etc.

## Interests and Hobbies :

- I am curious about technologies, so I keep learning and executing mini projects.
- I liked to draw engineering graphics; I was a rank holder in 8<sup>th</sup>, 9<sup>th</sup> and 10<sup>th</sup> standard.
- I enjoy cooking, swimming, hiking, cycling, as well as doing yogasanas.
