PROJECTS

Internship six Month of Industrial training at - bebo Technologies, Chandigarh

Project Topic: cab booking

Project description:

- The proposed Cab Booking project system ensures that the users can book the cab as per their requirements by logging on to the website.
- It allows users to book their cabs online, manage their bookings and cancel their bookings at any point of time.

- The users will get notified about the driver and his mobile no. so as to communicate with him.
- Regular updates are provided to the customer so that they are aware of their bookings, driver details, and booking status.
- The user can also drop in their suggestions or queries in the feedback form.

Completed six weeks of Industrial training at - Aptech, Moga

Project Topic: *Placement Office Automation*

Project description

- Identified core problems faced by training and placement cell in my graduation college
- Guided the implementation of advanced software for automating information exchange between students and placement cell
- Accomplished the target of reducing the involved paperwork in the placement process by 45 percent
