- .NET

STRENGHTS

- Communication and interpersonal skills
- Critical thinking
- Teamwork
- Multitasking
- Adaptive and analytical
- Leadership

PROJECTS

- Built a responsive android application 'Quizapp' using front-end Java and Android Studio. It is an active learning platform which presents a series of quizzes on interesting topics for the users to choose from and helps them test their knowledge and make learning enjoyable.   2021

- Created a website for online interior designing using front-end HTML, CSS and back-end PHP, MySQL.
  The creation of the website was a detail-oriented attempt which

aimed at allowing users to browse through various options for achieving their dreams of the perfect residence by contacting various professional interior designers directly. It depicts a schematic and concise procedure enabling easy access and booking of specific designs as well as free installation and delivery charges.   2020
